

## Smartphone-based supervision and engagement tool for probation, parole, pretrial, and treatment court clients.

The **SCRAM TouchPoint™ mobile app** enhances communication between officers and clients while saving time and resources for supervising authorities. TouchPoint offers multiple language options and helps improve client compliance as they complete their supervision terms.

### TouchPoint is ideal for:

- Standalone supervision for low-risk clients
- Enhanced supervision for SCRAM Systems electronic monitoring clients

### Mobile Check-In

- Two-layer verification using biometrics and facial authentication
- GPS points with every check-in
- Configurable questions

### Electronic Monitoring Notifications

- Automated notices on common EM tasks
- Promotes client compliance

### Document Management

- Send and receive paperwork and obtain eSignatures on necessary documents
- Access and store digital documents
- Share valuable client support and services resources

### Messaging

- Secure, text-like messaging with read receipts and printable transcripts
- Text-to-All for mass messaging
- Clients can set and use their preferred language for messaging

### Location Tracking

- Locate Now feature provides an on-demand location point of the client's phone
- Optional 24/7 location tracking with 5 minute – 1 hour intervals
- Pursuit Mode delivers GPS points each minute for 15 minutes

### Appointment Reminders

- Automated notifications for upcoming appointments
- Decreases no-shows and reduces technical violations

## Secure, Real-Time Messaging

### Facilitate Effective Communication

- Text-like messaging gives clients an intuitive and modern method to communicate with their supervising authority
- Read receipts ensure officers know when clients open and view messages, and all transcripts are saved and printable
- Send important messages or invoice payment links to all or a portion of clients with the Text-to-All feature

## Mobile Check-In

### Keep Clients Accountable

- Enables clients to complete scheduled or on-demand self-reports, right from their smartphone
- Records a GPS point and client photo with each check-in, providing additional insight into a client's response
- Verify key client information with configurable questions

## Appointment Reminders

### Reduce Technical Violations

- Automated appointment reminders alert clients on scheduled and upcoming appointments, helping them meet their supervision requirements
- Clients are sent reminders 24 hours and 2 hours before their scheduled appointment, supporting EBP best practices

## Electronic Monitoring Notifications

### Promote Client Compliance

- When integrated with SCRAM Systems EM devices, clients receive notifications on routine EM tasks, creating an audit trail with delivered and read time stamps
- Automated reminders can save supervising officers an average of 42 minutes per client per month

## Document Management

### Eliminate Paper Pushing and Increase Efficiency

- Securely and electronically send, receive, access, and store supervision paperwork and other important documents
- Remove the need for manual paper handling, scanning, and uploading documents
- Request and collect eSignatures in the app that are needed for a client's supervision plan
